

Hodges Boulevard Presbyterian Church--PNC UPDATE

February 3, 2019

Good Morning HBPC.

I am Tod McVey and this is Chris Gesdorf. We are your Co-Chairs of your PNC but most of you know that for going on a year.

Before I continue, how many of the men here wear a size 9.5 shoe? Please stand.

When shopping for shoes—"Just a point" certain styles and makes fit differently. Ladies know this am I right? And you would expect them to at least match.

That is important-Although we usually don't buy one pair to wear once or for just one outfit☺.

So your PNC has spent 112 hours over 43 meetings to date—And we have received 63 PIF's that are reviewed by ALL of us.

We did submit follow up questions to a couple of candidates for clarification.

Prior to the end of 2018, we also advertised in two Presbyterian Magazines and now that the Holidays have passed, we are receiving more PIF's.

We (your PNC) are focused on finding that 9.5 shoe, so to speak based on all the information from your Focus Group Responses and based on our HBPC Mission statement and our MIF.

Although it is time consuming it **is a labor of Love** and a journey for our HBPC's future.

So Paul's letter to the Thessalonians (Book 1) which "Meant to strengthen and give encouragement" to your faith in your PNC.

Once again we ask for your prayers and Thank You for your time.
