## Make 2019 the year that you create or update your will!

Having a will is critical for everyone of us whether we are young or elderly or in between. It is especially important for parents of young families. Not only are you concerned about the disposition of your remaining assets, but also, about the care and welfare of your children and spouse. You are urged to take action to create a will if you don't have one. Also, be sure the one you have is up to date.

As part of your planning process, our Endowment program invites you to consider continuing to practice your faithful stewardship by supporting your church and its ministries into perpetuity through the Endowment Funds. Through gifts above and beyond the normal operating budget of the church, Endowment funds support benevolent, educational or unforeseen emergencies of the Church into the future.

This coming Sunday, March 17, you will hear a Minute for Mission from Brant Newland and his family's decision making process. You will be blessed.

On Sunday, March 24, immediately following the Congregational Meeting, Trevor Harkness will lead a session where you can hear more about the importance of wills and the potential role the Endowment funds might play in your plans.

You may contact me with any questions or information on next steps.
